

The title "Activated NPS Solution" is displayed in a large, bold, black sans-serif font. It is positioned on the left side of the page, overlapping the background image. A blue triangle is visible on the left edge of the text area.

Integrating NPS feedback is critical for businesses. Are you tired of seeing NPS programs that don't generate any actionable insights? Are you looking to get more from your NPS program?

SurveyGizmo's Activated NPS Solution provides a complete suite of services that allows customers to setup, manage and monitor their business's response to critical customer feedback. With SurveyGizmo your NPS results automatically trigger the most appropriate responses from the right people, through the systems you already use.

NPS SURVEY

Our pre-configured NPS Survey will help you immediately gather actionable feedback using industry leading practices

INTEGRATIONS

Connect your NPS feedback directly to your CRM, Enterprise Messaging and Data Visualization Tools to build the most effective feedback systems.

OPEN TEXT ANALYSIS AND TAGGING

Survey Gizmo's built in open text analysis and tagging capabilities help your organization make sense of your customers valuable feedback.

OUT-OF-THE-BOX REPORTS

Effective out-of-the-box executive and operational level reports automatically update with the latest data.

CASE MANAGEMENT

Built-in case management helps you to manage customer interactions and take direct action throughout your organization.

NPS DASHBOARD

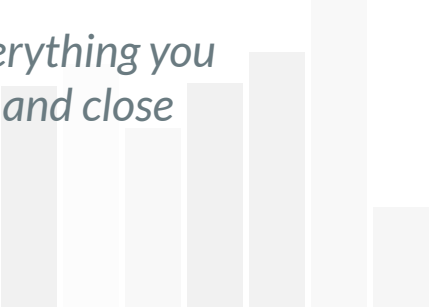

Integrated out of the box Tableau Dashboard allows for filtering, slicing and dicing of your NPS data.

The title "DRIVE ACTION FROM NPS FEEDBACK" is written in a bold, uppercase, black sans-serif font. It is positioned on the right side of the page, set against a solid orange background.

Integrating customer feedback in your business gives you a competitive edge by allowing you to quickly pivot and accelerate your ability to meet your customers' evolving needs.
